The Fish Market Restaurant

"Seafood with a View"

Diners are drawn to the Fish Market for the fresh seafood and the tremendous view of the San Diego Bay. This casual downstairs restaurant has a snug oyster and cocktail bar, as well as an outstanding sushi bar. The atmosphere is warm and inviting, perfect for group outings. The restaurant has a separate private dining room, an elevated main dining area and a waterside deck – a beautiful outdoor dining experience with the fresh bay air and sunshine beaming on you. The food is arguably some of the best seafood in San Diego, with highlights including clam chowder, king crab legs, ginger lime prawns, oyster Rockefeller, salt and pepper calamari and oh so much more.

Bertrand en Mister A's

"Cenas con vista"

En el centro de San Diego, este restaurante de lujo no es famoso solo por su cocina de alto nivel, sino también por su extensa carta de vinos. De hecho, el lugar es famoso por tener "una de las más sobresalientes cartas de vino del mundo". Muchos de los restaurantes de San Diego permiten que los comensales se vistan de forma relajada, pero este restaurante tiene código de vestimenta y es necesario ponerse algo un poco más formal. Los hombres deben usar camisas de manga larga y se ruega a todos los comensales no vestir shorts. Algunas de las entradas más pedidas son los linguini con salsa de almejas y la ternera picata. Disfruten de un rico trago al aire libre mientras contemplan la puesta de sol y observan cómo comienzan a encenderse las luces de la ciudad. Ya sea que vayan a cenar o a tomar algo, Bertrand at Mister A's es un lugar mágico para una velada memorable.
