Unser Bier

"Everything About Beer"

Welcome to the largest brewery of Basel, and get to taste some of the best of beers. Unser Bier was established in 1996, with only 18 liters of beer, but slowly and steadily, it became one of the renowned tourist attractions in the city. Dark porter beer, wheat beer and amber beer are some of its specialties. They have an in-house restaurant that is open only two days a week, as the rest of the days are always booked with private or corporate events. Besides a tour of the brewery, you can also enjoy their beer centric activities where you can try brewing on your own.
