### Diesel

#### "Ultra-Trendy Bekleidung"

Diesel ist der Name des unglaublich erfolgreichen Mode-Phänomens, das Johannesburg und den Rest des Landes im Sturm erobert hat. Das liegt in nicht geringen Masse an der witzigen, schlagkräftigen und oft kontroversen Werbekampagne der Kette. Diesel ist der Laden in dem die Jungen und Aufstrebenden ihre importierte Freizeitkleidung kaufen. Die Diesel Serie ist das Neueste in städtischer Coolheit und besteht aus einer Auswahl von Jeansbekleidung, Schuhen, Augenschmuck und Colognes. Neben dem Rosebank Geschäft (hier beschrieben), hat Diesel

noch drei weitere Filialen in Johannesburg, Sandton City, Sandton Square und Eastgate Einkaufszentrum.
