Roxy

"Glam & Glitz"

Sample the taste of the 60's at Roxy. Brick and glitz come alive under the blue lights as the oval wall shines in the back drop. The bar stacks a wine list that is inclusive of international names that are both vintage and new. The obsession with cocktails is well catered with martini, champagne cocktails and long island tea. A DJ is stationed at one end of the bar and he cranks up the volume as per the mood of the seated public. Nightlife at the Park Kolkata just got a step of jazz to it.

HHI Underground

"Underground Party"

HHI Underground is a highly rated nightclub, and for good reason too! Situated in the Hotel Hindustan International, the central location makes it a convenient nightlife destination. However, once you step inside, it is clear that its location is just the tip of the iceberg. The 'Underground' theme starts right at the entry, which is through a dimly-lit, narrow passageway. Interesting pieces of art displayed on the walls lead you into the large nightclub. As you enter the dark space, all you can see are booths marked with blood-red sofas, a full-fledged bar and a 600 square feet dance floor: all the ingredients needed for a good night out. The music is always pumping, with House and Hip-Hop dominating the scene. For those who like to feel the music but has fear shaking a leg, the large pool table should help channel the energy. Featuring celebrity DJs and fascinating events round the year, HHI Underground is usually packed till the wee hours of the morning!
