### Bowers Museum of Cultural Art

"Prominent Orange County Museum"

Founded in 1932, this is likely the best all-around museum in Orange County. The complex has particularly come into its own since its re-opening in 1992 with expanded and improved exhibition spaces. Created with funds donated by Charles Bowers, the complex was built in the style of the California Missions, and is adorned with murals honoring that motif. Originally intended by Mr. Bowers to focus on local history, the museum has since enlarged its focus to incorporate artifacts from the cultures of Southeast Asia, Oceania, Mexico and Native America.

## Noble Ale Works

### "Noble Brews"

Noble Ale Works is a microbrewery located right next to Angels Stadium. The tasting room is bedecked with Anaheim Angels paraphernalia, from banners to signed jerseys. Aside from this and their TV (to watch Angels games, of course), the decor is spartan, all the better to not distract from the main attraction, the beer. At the tasting room, you can sample 12 beers on tap, most of them their special seasonal beers, although of course regular year-round beers are available too. Beers on tap rotate often, so multiple trips can result in completely different experiences every time. Aside from regular open hours, the tasting room is also open before, during and after any Angels or Ducks home games.

## The Bruery

### "Innovative Flavors for Conventional Ales"

The Bruery operates from the heart of Placentia, offering locally made craft beer that plays with the conventions of Belgian brewing. Started by brothers Patrick and Michael Rue, Bruery is the end result of a passion for home brewing and a love of experimentation. Several exotic ingredients form the basis for these innovative brews, fresh picked lavender and Thai basil making appearances in otherwise conventional ales. To further this quality, Bruery ensures that its brews are never filtered or pasteurize, retaining every ounce of their original character. The Bruery's unique flavors and passionate ethos make it a worthwhile stop during tasting hours.

## Mission San Juan Capistrano

"Swallows & More!"

Historic Mission San Juan Capistrano is a California icon. Perhaps most famous for visits from its annual guests of honor, the swallows, the Mission means many things to many people. For Californians, it is a powerful symbol of the state's complicated colonial history. For Catholics, it is a profound religious site, indicative of the Church's own complex heritage. History buffs spend hours reveling in the facility's many exhibits and displays, connecting viscerally with the sights, sounds and feelings of generations long past. For visitors of any background, it is an undeniably gorgeous place to spend an afternoon-replete with striking architectural elements and lovingly cared-for gardens.
