BB's Cafe

"Delicious Louisiana/Texas Hybrid"

BB's has your New Orleans fix. Go to the happening White Oak Drive for a tremendous value in dinner. Just like their downtown and Montrose locations, this Louisiana eatery (with a healthy dash of Texas) overflows with coolness as they serve up delicious bayou treats, like Gumbo, Grillades & Grits, and Red Beans and Rice. In the mood for a sandwich for lunch? BB's' overstuffed New Orleans style Po'Boys will leave you slightly confused as to how you attack. Try the Bedtime In The Bayou, the ever-popular fried gulf shrimp sandwich fully dressed. You can blissfully tell where the crunch from the batter stops and the crunch from the shrimp begins, it's fantastic. -Adam Rosen

Paulie's

"Italian Deli Fare"

Hassle-free dining is the motto at Paulie's, a popular Montrose deli. The counter service and casual atmosphere are particularly popular with families and artistic types. The menu offers primarily Italian-oriented deli selections. However, traditional pastas such as linguine with grilled shrimp and roasted tomato sauce are also available. Every evening dinner specials like Chicken Tetrazzini are served hot and fresh. Wine is available for patrons.
