### Bedok Reservoir Park

"Water Sports and Bird Watching"

Despite the fact that Bedok Reservoir Park has jogging trails and lush green lawns, it is definitely the reservoir itself which draws in the crowds. Centered around the reservoir, this eponymous park lures joggers and water sports enthusiasts by the dozens. Lying in startling contrast with its surrounding, cosmopolitan high-rises, this idyllic park is bedecked by a tracery of blooming greens. An array of winding pathways and wooden benches are peppered across the course of the park, while a multitude of diversified flora and fauna call it their safe haven. Many birds, with their singsong voices, croon into the crevices of the park, hence it is no surprise that it is a paradise for birders as well. A string of boats cruise warm waters, while aquatic creatures like dainty herons and kingfishers rest along the picturesque banks of the park which is a natural wonderland par excellence.
