Reservoir

"Plateau Brasserie with a Surprising Brunch Menu"

Reservoir is the perfect location for just about any outing – whether it's a late weekend brunch, a quick beer after work, or a celebratory dinner and drink, you'll feel right at home. Originally billed as a late-night watering hole, Reservoir began serving brunch and lunch a few years ago, and offer a unique and diverse menu. To drink, they offer their own microbrew beer, with many varieties to choose from, as well as cocktails and a selection of wines. Their brunch menu offers gourmet quality dishes at reasonable prices. Each selection offers a special, an unexpected touch, so it's definitely not your regular joint.

Le Lab

"Mixology at its Finest"

If you're looking for a bar where mixology is key, then Le Lab is the place to be! With rows and rows of liquor decorating the bar, it looks more like the home of a mad scientist than a cocktail pantry. To add to the dark yet inviting interior design, all bar tenders are flare tenders, throwing in tricks as they mix your favorite cocktail. Each bar tender and server is said to know how to make any sort of drink, so if you can't decide on a drink on their extensive menu, ask for a recommendation! Dark velvet curtains also add to the interior, so at times from the outside, the bar can look quite dark and perhaps even closed. However, do not hesitate, try the door and if they are open, you are sure to have a great time!

Helm Brasseur Gourmand

"Beer House"

Helm Brasseur Gourmand proves to be a great place to have a fun night with your group of buddies after a hard day at work. Mainly a brew pub, they have various cider and beer labels available on the tap and by the bottle at reasonable rates, with happy hours everyday from 5p to 7p. Dishes are also served, however the menu is limited but the beef tartar or salmon ceviche is really delicious and filling. The service is a bit slow and you may have to vie for the waitresses attention, but the atmosphere inside is cool and relaxed with a view of the street.
