Théâtre Rialto

"Historic Theater"

Home to one of the more upscale neighborhoods of the city, Avenue du Parc offers a fair share of attractions, be it stylish boutiques, restaurants, cafes or bars. Amid all this chaos, there lies the imposingly grand building of the Théâtre Rialto. A silent observer to the neighborhood's history, this neo-baroque landmark was built between 1923-1924, and served as a popular cinema house for several decades, shutting down in 1990. For several years hence, the theater remained unused, undergoing some modifications and renovations. Since 2010, however, the theater has been re-opened and is today a prominent venue for various cultural and entertainment venues. Be it concerts, live theater, or film screenings, Théâtre Rialto is an ideal venue. Call or see the website to know more.
