Juliette & Chocolat

"French-Style Confectionary Shop"

Juliette & Chocolat is a confectionery boutique that features a wide array of chocolates; including Guanaja from South America, Manjari from Madagascar, and Jivara from Ecuador. This boutique operation offers a vintage selection from specific plantations and recipes from various countries. The specialty restaurant also serves classic dark, milk and white chocolates, as well as Grandma's style. Juliette's frustration with not finding a hot chocolate that fit her standards inspired her to open her own shop. For those with semi-nocturnal sweet tooth, check out the late hours this confectionery shop holds.
