The Opera House

"Superb Live Music Venue"

The Opera House attracts some of the best music performers in the city. It is worth the trip to check out who's playing at a venue where bands go out of their way to perform. The place has an underground feel with a sound reminiscent of catacombs, but the environment has a charge in the air that boosts any concert. No food is offered, but the bar is fully stocked with all your rock-and-roll needs. Ticket prices vary.

Harbourfront Centre

"From Docklands to Tourist Lands"

Used primarily as the city's industrial docklands for decades, the Harbourfront area has been developed over the last 30 years into a recreational and cultural attraction that now draws more than three million visitors per year. Harbourfront's attraction is many things to many people. Some shop at the Queens Quay Terminal and the others take in an outdoor concert at Concert Stage or attend a festival at the York Quay Centre. While others turn out for the annual book reading events. A place buzzing with diverse activities!
