## Blue Devil Golf Club

### "Golf with the Devil"

Situated in the serene river valley of Fish Creek Park, the Blue Devil Golf Club is a lush 18-hole public golf course with plenty of rolling fairways and challenging greens, a clubhouse, and a golf shop. If the 18 holes are a bit too many for a day of playing, the course also offers the Lil' Devil 9-hole short course, a replica of the main course on a smaller scale. The club hosts several leagues for men and women, and also summer golf camps for children and their families.

## Heritage Pointe Golf Course

### "Among Canada's Best"

Located just a few minutes south of Calgary, Heritage Pointe Golf and Country Club is ranked in the Top 25 golf courses in the country. This beautiful course is open to the public but follows the "country club for a day" approach to service. Golfers are pampered from the time they enter the parking lot. Players are sent out over two of the three nines, with 18 holes winding through the Pine Creek coulee and another nine built up top the 'Desert Nine'. This is Calgary's most pricey public course, but few golfers mind it as it is totally worth it.
