### Chinese Artifacts Museum

"Explore The Orient"

The Chinese Artifacts Museum is located within the Calgary Chinese Cultural Centre, an entity aimed at celebrating and promoting Chinese culture in Calgary. The museum houses recreations of the various kinds of antiques. Visitors can marvel at the various life size exhibits like a majestic chariot connected to horses along with soldiers made of terra-cota. Immerse yourself in the handicraft items on display like the beautiful wooden objects, the porcelain and ceramic items and the texture and design of the elegant royal robes. This museum will leave you awestruck with the rich history that the Chinese locals in Calgary have on offer.

### Webster Galleries

"Canadian Fine Art"

Webster Galleries contain many spectacular examples of Western Canadian art. From water colors and oil paintings of the Prairies and Eastern Rocky Mountains, to rare Inuit soapstone carvings of high Arctic polar bears and seals; the art at this gallery displays the landscape and people of Canada. The show floor contains hundreds of works, making it difficult to leave for fear of missing something further on of more interest. The Websters who own and manage the gallery are always present to assist you with your queries.
