Fremont Street

"Rivaling The Strip"

The Fremont Street area of Las Vegas is located downtown, north of the famed Vegas Strip. Here you will find Las Vegas' original strip with classic casinos, hotels, restaurants, and shopping. To attract more tourists away from The Strip, the Fremont Street Experience was created. The massive entertainment venue is home to Viva Vision, the spectacular light and music show. Using over 12.5 million lights projecting onto a 500-yard-long (457-meter-long) canopy 90 feet (27 meters) above the ground and a 550,000 watt sound system, it truly makes Fremont Street a prime attraction. Shows are free and play every night, making your time on Fremont Street all the more exciting. Keep your head and do not miss the famed Vegas Vic, the neon sign that looks like a cowboy. Made in 1951, the sign has ruled over Fremont Street since it was put up.

An extravagant circular bend dominating the brimming Strip, this gigantic Ferris wheel is a spectacular engineering feat. Complete with 28 cabins, this observation wheel offers breathtaking views of the Las Vegas Valley. A spectacular adornment to the LINQ, the High Roller seems to blend in with the increasingly jubilant, iridescent and charismatic landscape of the city. Soaring as if to reach the skies, it is especially a stunning sight when lit up at night. The sweeping High Roller is an embodiment of Las Vegas' vibrant spirit.

Fountains at Bellagio

"Resplendent and Awe-Inspiring Attraction"

A beautiful visual water symphony choreographed to music provides an unforgettable welcome to the Bellagio Hotel Casino. The water jets span more than 1000 feet (304 meters) and can shoot up to 250 feet (76 meters) in the air while seeming to dance to choreographed lights and romantic classical music. It is a spectacular sight and one worth taking the time to view while strolling along the boulevard. As evening sets in, the lit-up fountain is a sight to behold. Be sure to bring a camera as this is one of Vegas' best attractions - and it's for free! The magic happens every 30 minutes until 8 PM, after which shows are every 15 minutes. Please note that shows may stray from this schedule due to the weather.

Welcome to Fabulous Las Vegas Sign

"Iconic Road Sign"

The iconic Welcome to Fabulous Las Vegas Sign was created in 1959. The sign has changed its location on Las Vegas Boulevard multiple times as the city limits have increased. The back of the sign reads "Drive Carefully and Come Back Soon." Today, the sign is located in the center island of this famous boulevard, just south of Russel Road. Many regard it the last sight they will take in of Las Vegas on their way out of the city.

Hoover Dam

"A Wonder of the Modern Age"

Named after President Herbert Hoover, this grand reservoir was constructed over a span of five years during the Great Depression. Built to contain the roaring tempest of the mighty Colorado River, the Hoover Dam harnesses hydroelectric energy to feed the power-related needs of both California and the Southwest. Such is the magnificence of the dam that, energy harnessed from this massive marvel supplies electricity to over 20 million people. The dam spans an expanse of nearly 1250 feet (381 meters) over the Black Canyon gorge, and is located at the cusp of the Arizona-Nevada border. A prolific engineering spectacle that invites wonder and awe even decades after its construction, the colossal Hoover Dam remains one of the most remarkable accomplishments in architectural history.
