Knott's Berry Farm

"Adventure Awaits"

Knott's Berry Farm, home to the Peanuts characters, has been a long-time favorite for families visiting the Orange County area. You'll find culturally-themed areas including Fiesta Village, Indian Trails and Independence Hall, where visitors get a look at the influence of these cultures on California life. There are also themed rides such as the Xcelerator and Montezooma's Revenge. Other areas such as The Boardwalk feature rides like Supreme Scream which, measuring in at an astounding 312 feet (95.098 meters), is the tallest structure in the county. Overall, if you're looking for something to please the kids (and maybe give yourself a rest), Knott's is a truly excellent choice.

Mission San Juan Capistrano

"Swallows & More!"

Historic Mission San Juan Capistrano is a California icon. Perhaps most famous for visits from its annual guests of honor, the swallows, the Mission means many things to many people. For Californians, it is a powerful symbol of the state's complicated colonial history. For Catholics, it is a profound religious site, indicative of the Church's own complex heritage. History buffs spend hours reveling in the facility's many exhibits and displays, connecting viscerally with the sights, sounds and feelings of generations long past. For visitors of any background, it is an undeniably gorgeous place to spend an afternoon-replete with striking architectural elements and lovingly cared-for gardens.

International Surfing Museum

"Historic Surfboards & Artifacts"

Huntington Beach does indeed live up to its "Surf City" title as the most surfed beach in the west. Appropriately enough, this is a shrine to all those who have mastered the long board. Surfboards, surfing films, surfing music and plenty of memorabilia can be found here. The main attractions, however, are the items related to the great Duke Kahanamoku. This Olympic swimmer popularized surfing back in the 1920s, and both a bronze bust and one of his original hardwood boards can be found in the museum.
