### Arena México

"Recommended for Brave-Hearts"

While you are in Mexico do not miss out on the local sport lucha libre, which means free wrestling or fighting in Spanish. If you are lucky enough you will get to enjoy this fight at the cities most prominent wrestling venue called Arena México. The attires of the wrestlers donning funky masks and sporting cool tattoos, catcalls, and enthusiastic crowds weave a perfect atmosphere for a loud fighting match. It is more like a show than a sport and the spectators thoroughly enjoy the dramatic moves and hold. Strictly recommended for the brave-hearts who can well handle violence and anger.

## Estadio Azteca

"Enjoy Soccer at the World Cup Stadium"

This is the most important stadium in the country. Its construction was no easy task as the area where it was built was covered with lava rock after the eruption of the Title volcano. However, after a great effort, the stadium was opened in the 1970s. Since then, it has hosted many events such as the 1970 and 1986 World Cups, rock concerts and even religious events such as the visits of the Pope.
