Bibi Sucos

"Colorful Juices and Juicy Burgers"

If you've ever wondered how people of Rio stay so fit and healthy, it is probably because of the numerous juice bars that thrive in every neighborhood. Bibi Sucos in Leblon is one such joint that serves some of the best, freshest squeeze juices in the city. The place is always a-buzz with locals sipping on vibrant, colorful drinks or munching on delicious sandwiches. If the intense-colored smoothies and juices are a little too healthy for you, you can always opt for sinful burgers with fries on the side!

Delírio Tropical

"The Best Salads in Rio"

Delírio Tropical is a restaurant of varied foods, to say the least. It has a menu with over 200 items to choose from! Unlike the menu, the food is light and a perfect option for people looking for a healthy meal with great taste. For the traveler on a strict diet, there is no better option than Delírio Tropical. The salads are excellent, but hot plates also make up the menu with house favorites like roast beef, Salmon burgers, and salty pies. The sweets here are also an attraction for the tastebuds, serving a variety of crepes, pies, fruits, cakes and ice creams.
