Stage Restaurant

"The Dining Room's A Stage"

What better way to showcase dining sets and lamps than to have them functioning in a restaurant! At the Honolulu Design Center, they have created a hip and trendy atmosphere with a menu to match. Lemongrass consommé, fiddlehead ferns, organic egg, soft scrambled and topped with yuzu cream and salmon eggs that pop in your mouth are a few of the selections on the eclectic menu. You will also find traditional beef, seafood and chicken kicked up a notch with such dishes as roasted chicken with liquid Parmesan and beef alongside a lemon puree.
