Sister

"Classic Beer Selection and more"

Among the happening bars in the city, Sister stands out from the rest due to its wide spread bar area and a collection of more than 40 international beers on tap and in bottles. However, try to hit the bar early on weekends to avoid the peak crowds who frequent this place religiously to gulp down their favorite beers. Its amazing beer selections such as Guinness, Gulden Draak Ale, Irish Ciders, Troubadour Imperial Black IPA and Smithwick's, will definitely make you come back to try out for more. The stage besides the bar is where various national artists and bands on tour perform to entertain the crowd on weekends. So put an end to your weekend bar hopping scene and head straight to Sister for a great beer drinking feast.
