UNIX

"Original Styling"

UNIX is one of the most progressive hair and makeup studio in the country. With a number of brilliant services offered at the hands of qualified stylists, its understandable why people believe that it leads the way in hair styling and beauty treatment. Apart from catering to conventional hair styling, UNIX features its own unique "five hair style images." These are natural, sweet, mannish, wild and femininity, and it offers consultation on the makeup fashion to suit each style. UNIX also sells a wide range of hair care and beauty products.
