Fort Worth Water Gardens

"Beautiful Sculptured Gardens"

Fort Worth's Water Gardens is a spectacular man-made creation. A crown jewel of Fort Worth, it is often used as a business, professional, wedding and tourist venue. Architects Philip Johnson and John Burgee were appointed by the Amon G. Carter foundation to create this masterpiece in the late 1960s. Covering over four blocks of downtown space, the Water Gardens offer outstanding sightseeing opportunities. More than 500 types of plants and trees adorn this 4.3 acre (1.7 hectare) park.

Burger's Lake

"Old fashioned, Low-tech swimming experience"

Generations of Fort Worth families have sought relief from the hot Texas sun by diving into this cold, clear, spring-fed private lake located in northwest Fort Worth. Once a goldfish hatchery, Burger's Lake is now a one-acre, family-oriented "swimming hole" featuring tall trees, picnic tables, barbecue grills, concession stands, and tennis and volleyball courts, along with occasional sand-castle building contests and related

events meant to entertain visitors. Slide down the 20-foot (6-meter) waterslide or check out the trapeze for "swinging" and "dropping." This is the perfect spot on a summer day!

Lake Worth

"Lake near Fort Worth"

Located on the northwest edge of Ft. Worth and not far from downtown, Lake Worth is a convenient destination. Since there is no full service marina on the reservoir, it is a popular location for sailboat enthusiasts. There is also a large amount of private property along the lake's edge, so make sure you use one of the four public boat and picnic areas when you are there. Fishing for small bass and crappie is popular, and be sure to look for Moss Point and Goat Island, which provide excellent scenery. Admission is free.
