Kimbell Art Museum

"Brilliant Use of Light and Space"

Architect Louis I. Kahn won an award from the American Institute of Architects for this building's striking design. He used a series of arched glass ceilings to let in natural light and enhance the presentation of the many important pieces in the museum collection. The artwork comes from all over the world, with maestros such as Renoir, Picasso, Rubens and Rembrandt represented. Those desiring more exotic artwork will enjoy the Asian, African and Mediterranean collections. The Buffet Restaurant is open daily, offering different kinds of light fare depending on the time of day. Admission to the permanent collections is free.
