Tsunami Seafood Emporium

"Highly Rated Japanese Cuisine"

Tsunami's décor is contemporary and stylish, creating a pleasant ambiance to savor a meal. The menu creates the illusion of little Japan in Johannesburg. Around 60 percent of the items on the menu are authentically Japanese. Octopus, eel, salmon and other seafood is cooked to traditional recipes. Alternatively, choose between the delicious fare at the Sushi Bar or have a chef cook for you at the Teppanyaki. For the less adventurous there is an adequate wine list. It opens daily from noon.

Mo-Zam-Bik

"Eclectic Flavors"

Experience a glimpse of the land of Mozambique in the heart of Johannesburg at Mo-Zam-Bik, a vibrantly designed bistro that celebrates the best of South African and Portuguese cuisines. Brick-lined walls, austere sitting booths and dining tables covered in vibrant red and yellow tablecloths create a merry setting to devour some authentic delicacies of the two countries. The chefs only use freshly sourced ingredients and homemade sauces to serve up those fiery grilled chickens, succulent seafood preparations, aromatic coconut rice and an excellent collection of spirits.
