Adelaide Town Hall

"An Iconic Heritage Structure"

The striking Adelaide Town Hall stands tall on King William Street in the capital city's bustling center. Construction on the structure began in 1863 based on designs by Edmund Wright and Edward Wood. Upon its completion in 1866, the landmark was hailed as one of the "most important edifices" to be built in the city. The Adelaide Town Hall has been carefully preserved in the following years, and today, it retains its architectural glory. Modern modifications have only been applied to make the building more environmentally sound. A truly significant landmark, the town hall also serves as a premier event venue, offering several rooms and spaces to accommodate a variety of events.

Old Adelaide Gaol

"Historic Adelaide Attraction"

First opened in 1841, the Old Adelaide Gaol closed its doors to prisoners in 1988 and has since welcomed only curious visitors. The site's highlights include a grim hanging tower, cell blocks, gravesite, and artifact displays alongside colonial architecture complete with decorative gargoyles. Visitors can explore the prison grounds at their leisure or opt for a regularly-scheduled guided tour. While the site's location in the western Adelaide Parklands near the River Torrens makes it an interesting attraction for nature enthusiasts, rumors of paranormal occurrences draw in fans of the supernatural. Visits to the old prison make for an afternoon of history and heritage while exploring South Australia's capital. Bookings are essential for tours of the Gaol.
