Farrow

"Craft Sandwiches & Coffee"

Set in a tiny space, Farrow is a deli serving up delicious craft sandwiches and high-end coffees. With a rotating selection of only four sandwiches, the menu seems to be quite simple and limited. However, call for any one of the sandwiches to understand the effort and care taken to make every aspect of the dish flavorful. The savory sauces, diverse ingredients and the crisp bun lead to the creation of delectable sandwiches that are sure to please your taste buds. If you are unsure about what to order, go for the Grick Middle. Prepared with bacon and eggs and flavored with a dash of aioli and tomato jam, it's the only dish that is featured regularly on the menu. They also have a daily vegetarian option on the menu. Though the seating is limited, Farrow has laid-back ambiance with experimental and electronic music playing in the background and pleasant staff members, making it a great eatery for dining-in as well.
