Princess Theatre

"Magnificently Restored Cinema"

The premiere repertory theater of the city shows a wide variety of releases on two large screens and is available for private bookings and functions. Besides the entertaining movie, the theater's fully restored 1915 glory is well worth the trip. Expect comfortable seating and an enjoyable movie experience, with all the latest technology in traditional surroundings. In case you feel hungry, the theater offers popcorn and other refreshing beverages to keep you replenished.

IMAX Theatre

"The IMAX Experience"

IMAX Theatre in the Telus World of Science is the first of its kind in western Canada. You will find interesting productions offered inside the easy-to-spot structure, located northwest of downtown. Educational, scientific and wildlife films are shown on a massive 13 by 19-meter (42 by 62-foot) screen, with six speakers belting out the sound. The Canadian IMAX Corporation invented this popular cinematic experience. Hours vary with show timings.

The Capitol Theatre

"Vintage Cinema Venue"

Taking inspiration from the original Capitol Theater which was built in 1920s, this theater was constructed in 2011 in the Fort Edmonton Park. The elegant theater can accommodate more than 240 spectators and has an inclined seat arrangement to give you the fine views of the screen. The spacious theater is equipped with modern light and sound technology to give you a great theater experience. The Capitol Theatre regularly screens period cinemas and is a great venue for all the cinema buffs. In case you feel hungry, you can munch on some popcorn offered at the theater or head to the nearby restaurants and bars after a show here.
