The Union Hall

"Rock On!"

Located along the Argyll street, Union Hall is where all the fun and excitement is. This nightclub is always in a bust of energy with patrons dancing away to the tunes of the DJ. The dance floor is very spacious but is always filled to its capacity so be sure that you are well in time before it gets crowded. Their well-assorted drinks flow freely and are reasonably priced. They also undertake bookings should you want to throw a personal party to celebrate some special times. However, ensure that you plan your party on a Thursday, Friday or a Saturday only, for they do not take bookings otherwise.
