### United Cycle

"Specialty Sports in a Big Way"

United Cycle Sports is a family-owned specialty sports store that carries gear for over 20 different sports, including soccer, cycling, basketball, running, snowboarding, gymnastics, figure skating, and hockey. This is the go-to location for virtually everything sports-related for both kids and adults. The retail space is divided by sport, with knowledgeable staff in each area. Given this, it is not surprising to see a sport repair service here as well. A fixture in Edmonton since 1928, this organization is very involved in the community. Take in the murals on the outside of the building that celebrate local athletes, and view local sports memorabilia in the cases indoors. All this, at a handy location in Old Strathcona.
