Green Room Burgers & Beer

"Beef & Suds"

There is almost nothing better than a great burger and a nicely crafted beer. Here at the Green Room, guests will definitely find both. The burger and fries menu has some interesting variations, try the Fiddler Fries made with jalapeno, bacon, cheese and a fried egg alongside the 'Dubbel Dubliner', a beef behemoth served on a pumpernickel bun. In addition to the delicious burger combos, the beer is equally phenomenal with at least six different rotating beers on tap throughout the week.
