Delicious Temptations

"Light fare"

This restaurant is a hotspot for young socialites, and the dining area stays abuzz with local gossip. Breakfast here is the best, with a variety of fresh options. Try the Nest Egg—three eggs scrambled with a medley of vegetables, placed on whole-wheat pita bread and topped with cheese, olives and tomatoes. Lunch brings tasty soups, salads, pastas and creative pita sandwiches; the grilled chicken pasta is especially good. The portions are sized just right to leave room for a slice of cheesecake or carrot cake for dessert.
