IMAX 3D Theatre

"Big screen for big fun"

This is one of the most popular attractions in town, and with good reason. As the IMAX folks say, "It's so real...it's unreal!" The enormous six-story building houses the largest IMAX theater screen in the country. Sony's visual and audio technology was incorporated to bring viewers crystal clear images and lifelike sound. The effect? You no longer feel like you are watching a movie. You feel like your name should be in the closing credits.
