Restro Gare

"Dining in a different era"

Restro Gare is not only a fine dining restaurant, but it is also a piece of local history. Located at the old Canadian National train station, abandoned in 1913, this French Quarter space offers a unique decor that takes you to a different era; when rail travel was elegant. The food is as sophisticated as the surroundings with international and local French favorites on offer. One plate definitely worth trying is the fillet of sole with almonds. In Ferno's Bistro

"French Specials in Saint Boniface"

Opened in 2003, In Ferno's Bistro occupies a breezy location in the midst of Saint Boniface. Chef Fern Kirouac curates an impressive menu with varied options, appetizers, salads, soups, entrees and pastas, while the core focus centers around French cuisine. A seafood inspired Mussels menu with a French twist is especially adored by regulars, such as the Moules Madagascar served with cream and peppercorns and hot frites on the side. Other highlights include classics like Canard Confit à L'Orange and Veau Grand-Mère (veal in mushroom and white wine sauce). Above all, the desserts at In Ferno's Bistro are especially revered, with delicate Lemon Hazelnut Tortes and the French-Canadian Maple Hazel Pie inducing much swoon at the end of a meal. Bring a healthy appetite, as the portions are generous.
