Uptown Pubhouse

"Uptown Classic"

The Uptown Pubhouse has everything you could want in a pub. With live music, local beers and pool tables, it's no surprise that the pub has been serving patrons for over two decades. The eclectic beer menu is another reason why people flock here, as it has a wide selection of pale ales, stouts, porters, and lagers. In fact, you can check their live beer list online in-real time to see what they have on tap. Almost every night, the stage hosts local bands who play everything, from folk and rock to punk and pop.

Monte Vista Lounge

"Haunted Lounge"

Located in the historic Monte Vista Hotel, this lounge attracts locals as well as those who have booked rooms in the hotel upstairs. Legend has it that the entire hotel is haunted, and some people have allegedly seen a 'ephemeral dancing couple' that takes the floor on occasion. Nonetheless, there's live music almost every night that runs the gamut, from blues to rock and everything in-between.

Rendezvous

"Coffee & Martinis"

Located in the historic Hotel Monte Vista, the Rendezvous is a spot that serves strong coffee by day and potent cocktails at night. They serve superb Intelligentsia Coffee and, whether you're a guest at the hotel or not, it's always a nice place to stop in for a cup. At night, the bar stocks a large selection of top-shelf liquors and serves great martinis as well. Visit this place for an enjoyable evening of unwinding.
