Clarion Carriage House Inn

"New Inn at Old Port"

This motel may not have the history of many of its neighbors - it was built in 1985 and recently refurbished - but it has a convenient location and the necessary amenities to make your stay comfortable and enjoyable. The guest rooms are clean and comfortable, which is to be expected of motels in the Clarion chain. The motel offers something that is difficult to find at many inns on the island; children are not only welcome, they stay for free. Another great service is the 24-hour assistance from a friendly front desk clerk. Unlike many places that close down for the winter, this establishment is open year-round.
