Balboa Island Ferry

"Different Newport Experience"

Balboa Island Ferry has been running between Balboa Island and Balboa Peninsula since 1919. The quarter-mile ride across Newport Harbor takes about five minutes and saves passengers up to a half-hour drive around the harbor and bridge. Aside from convenience, the ferry also provides a kind of affordable luxury to those who otherwise wouldn't have a chance to be in the most picturesque scene of Newport Beach and cruises on luxury yachts and sail boats. The vintage ferryboats, double-ended wooden boats built in the 1950s, also add unexpected uniqueness to the experience. The service runs every five minutes and each boat takes up to three vehicles and 75 passengers.
