Pretend City Children's Museum

"Learn Through Pretending"

Pretend City Children's Museum offers you exactly what the name implies, a small "pretend" version of a city! The museum is set up to have everything a normal city would have, with displays like the Library, the City Hall and The Farm. As children go through this interesting museum the kids can interact with the displays and learn through play. Watch as your two year old has fun in the Orange Plaza while your eight year old pretends to be a firefighter at the Fire Station. Your children won't want to leave!

Muzeo Museum and Cultural Center

"Anaheim's History Dramatized"

Housed in the only remaining Carnegie Library building in Anaheim, this museum deals both with the rich cultural history of Anaheim and of the world. The volunteers who work there value educating the younger generation about their fine city, which was founded in the mid-1850s by German winemakers who wanted to sell their product to citizens of Los Angeles. Muzeo also features rotating strange and wonderful exhibits that make this a truly fascinating museum.

International Surfing Museum

"Historic Surfboards & Artifacts"

Huntington Beach does indeed live up to its "Surf City" title as the most surfed beach in the west. Appropriately enough, this is a shrine to all those who have mastered the long board. Surfboards, surfing films, surfing music and plenty of memorabilia can be found here. The main attractions, however, are the items related to the great Duke Kahanamoku. This Olympic swimmer popularized surfing back in the 1920s, and both a bronze bust and one of his original hardwood boards can be found in the museum.

CSFU Sculpture Collection

"Unique Artwork"

Located on California State University Fullerton, the Campus Sculpture Collection is an outdoor display scattered throughout the campus. From bizarre to artistic, these sculptures often have a whimsical tone and are made from everything from wax to steel to fiberglass. Walk through the campus to take a look at the artwork, including the Sea Bee which was created from a salvaged fuel ship and it looks like a ship is sinking into the lawn. Some other notable works include Fallen David, a replica of Michelangelo's David that was broken into pieces during an earthquake of 1987, Arise by Eric Goulter and Lloyd Hamrol's Redoubling Wallpath, to name a few.
