### Water Country USA

"Super Splashes"

Slide, splash and swim to your heart's content at this great water park with acres of rides for children and families. Shoot down the Jet Scream, four twisting and turning flumes that send you 415 feet at 25 mph into the pool. Take a break at the Aqua X-treme, the park's high-dive and gymnastics show. Or, perhaps, float down the Aquazoid, the world's largest special effects raft ride that travels through dark tunnels and water curtains with laser images and eerie sound effects. Opening hours vary seasonally - check the website for more details.
