River Walk Park

"Corona Park"

River Walk Park is one of the best spots to get outside of the hustle-and-bustle and grab some fresh air in the Inland Empire. The park is technically in the suburb of Eastvale, however most maps display the coordinates in Corona. Inside the park, visitors will find a manicured landscape with trails and playgrounds conveniently connected to the greater Santa Ana River basin. Outside of the park, the basin allows for back-country hiking, jogging and/or biking in a secluded environment.
