Mad Oak

"Fun Times Are Here"

A beautiful setting welcomes you at Mad Oak. Owned and operated by Benjamin and Daniel Cukierman, the bar opened its doors in May 2015. In a short span of time, it gained much popularity among the locals. The interiors are an elegant affair with the use of woods and thoughtful lighting accents. The wooden top bar counter, two-floored patio space and a rooftop garden make this place quite happening for a casual hangout. The menu features about 40 varieties of tap beers and crafty cocktails. To accompany your tipples, they offer light American fare. This is a good bar to catch up on your favorite game- there are two flat-screens in the interior area.

Heinold's First & Last Chance Saloon

"Historic Jack London Square Bar"

This historic bar is full of stories, character, and charm. Once a place Jack London himself would frequent to drink and write, the story is that the famous author borrowed his college entrance fee from the bar's proprietor. The small bar still features a slanted wooden floor and charred walls leftover from the great San Francisco earthquake of 1906, which took its toll elsewhere in the Bay Area, too. Its name derives from the old days when it was the only bar at the Port of Oakland. Each day, as laborers would take the ferry to San Francisco and back again, this was the first and last chance for the working man to grab a drink. The bar serves only beverages and distributes literature on its history.
