### Executive Surf Club

"Surf's Up!"

Located at the popular Water Street Market, the Executive Surf Club is a casual spot that features more than 30 beers on tap as well as pub food like burgers, sandwiches and salads. The beer taps mostly feature domestic beers, both craft breweries and local favorites like 'Lone Star', but there is a small list of imports too. The Surf Club also provides live entertainment in the form of local music, where the stage hosts everything from rock and pop to country/western.

### Rockit's Whiskey Bar

"The Doctor Is In"

In Corpus Christi, when you want to find a superb glass of whiskey, visit Rockit's. Conveniently located downtown, the bar offers several Texan whiskeys such as Balcones, Garrison Brothers and Red River brands, just to name a few. Rockit's also has plenty of flavored whiskeys, some of which include Fireball, Piehole - which has an Apple/Pecan touch - and the happily spiced Jeremiah Weed Sarsaparilla. Oftentimes, in addition to great bourbon, the venue also presents live music.

### Whiskey River

"Stompin' on Staples Street"

As its name implies, Whiskey River indeed has gallons of whiskey flowing through the taps in this country/dance club. It's populated with mostly locals and known for its huge dance oak dance floor, which by the club's own admission is the largest in town. Whiskey River is only open Tuesday, Wednesday, Friday and Saturday, however on every one of those nights, the club has a DJ who churns out a good mix of tunes. The drink specials are also some of the best in Corpus Christi, but be prepared to wait if you come on the weekend, as the bar tends to get packed.

## Farah's

### "Cocktails on the Island"

Farah's is located on South Padre Island and if you find yourself crossing the JFK causeway across the bay, it merits a trip for a quick drink. Inside, there are a couple of pool tables, some arcade games and an indoor shuffleboard court. The happy-hour is one of the best (and cheapest) on the island and when you leave there is a Whataburger right next door for some fast-food.
