Najrul Mancha

"Popular Performance Arena"

Art and culture have always played an important role in Kolkata's past and continue to do so even today. Keeping the passion alive, Nazrul Mancha is one of the most prominent event venues in the city. Situated in Rabindra Sarobar, the auditorium is most famous as the locale for Dover Lane Music Festival, a week long event dedicated to Indian and Carnatic Classical Music and held every January. For the rest of the year, the venue hosts various local and international events including dance and musical soirees, college functions as well as conferences and auditions. The large auditorium has a semi-circular stage and a seating capacity of approximately 3000. Regular performances by Bengali rock bands and other Indian groups make this a much-visited destination and especially popular among the youth of the city. However, the appearance of the space is not what you would expect of an auditorium of this standard to be and is in desperate need of renovation and modernization. It can be easily reached by buses and cabs.
