### OKO

"Oh its OKO!"

The Pan Asian OKO is the perfect place to sit indoors with the family or to sit out in the open with beer buddies. Located in The Lalit Ashok, this 142 seater restaurant can accommodate patrons both indoors and outdoors. The bar at OKO is located more towards the outdoor sitting area and therefore most of the groups seated outside, frequent the bar more as compared to the families seated inside. The Teppanyaki is the highlight of OKO where you can see the chef preparing your course as you sit beside the counter sipping a martini. Evenings are a big hit with couples as the tables outside are lit with pretty candles and the lights are dimmed to a bluish hue, lending a mesmerizing effect. OKO is definitely recommended!
