Bounce

"Unisex Hair Salon"

The electric neon lights of Bounce speak volumes about its funky attitude and carefree style. Bang on Vittal Mallaya road, this unisex salon is the place to get a wow hairstyle and look uber cool. Located within Magnolia Towers on the second floor, the salon is well planned and compact. One has to take a prior appointment with the stylist, whether senior or junior. The price of the cut depends on the seniority of the stylist, along with the kind of style you choose. Extra charges apply for hair wash and other additional services. Besides this, they also have a foot care room and a treatment room for massages. There is a pristine white waiting couch which seats clients engrossed in magazines or in chatter, awaiting their turn. All said and done, it is a popular saloon however the prices are a tad too heavy on the pocket, so be prepared for that.
