Cincinnati Museum Center at Union Terminal

"All Aboard!"

A huge part of Cincinnati's transportation history, the Cincinnati Museum Center at Union Terminal recounts the significance of this historical building. Built in the Art Deco style, this station was one of the last stations of its size ever built. Since opening in 1933, the station has been transformed and now houses three exciting museums: the Cincinnati History Museum, Museum of Natural History and History, and Cinergy Children's Museum. Great for kids and adults of all interests, the Cincinnati Museum Center at Union Terminal is a can't-miss cultural hub.

Cincinnati Zoo and Botanical Garden

"Befriend the Wild"

Established in 1875, the Cincinnati Zoo and Botanical Garden is the second oldest of its kind in America. Over 500 species of wildlife call this 65 acres (26 hectares) landscape their home. The zoo offers visitors a plethora of fascinating exhibits and educational programs. Explore the Reptile House for its snakes, turtles, and alligators; Monkey Island for its playful primates; and Wings of the World for its penguins, flamingoes, and array of feathered friends. Families can also enjoy amusement rides and a 4D theater experience. Here you will get to also see some exotic flora and fauna.
