### Escape

"Cosmopolitan Bubbling Disco"

This worldly discotheque has been known as the city's biggest disco since 1987 and it has it all: exclusive parties, modern dance music and hi-tech lighting. Saturdays offer the trendy and spectacular Chemistry Party, hosting the best national and international DJs and VJs. Occasionally, celebrities also perform. Sundays mean Hour Power, Thursday is club night, and on Fridays there are special parties with guest DJs. Although the club is very big, the selective door policy often means there are large queues.
