### Camp Nou

"Home of the Blaugrana"

An impressive sight and the crowning glory of the football community in Spain, Camp Nou is one of the largest stadiums in Europe. Home ground of the beloved FC Barcelona, known simply as Barça to locals, this spectacular stadium was constructed in 1957 on a separate piece of land when the expansion of the Camp de Les Corts stadium was deemed impossible due to lack of space. The stadium is sometimes referred to as the 'house that Kubala built', in reference to the great Slovak-Hungarian goal scorer who played for Barça through the 1950s. Kubala was so popular with spectators that the stadium was even unable to accommodate the extraordinary masses that flocked to watch him play on more than one occasion. Camp Nou can accommodate more than a whopping 99,000 spectators at a time, and is profoundly iconic for its vibrant bleachers, painted in the club's royal blue and red colors.
