Amarcord

"Vintage Collections"

Amarcord is a charming shop in Williamsburg, where you can browse through accessories and clothes for men and women. The owner traveled throughout Italy and gathered tons of eclectic items, which makes the place look more like a garage sale than a vintage store. Thankfully however, you can find practical pieces like Gucci handbags or a Diadora jacket, apart from classic sneakers to designer accessories. Along with another outlet in East Village, this is a must-visit for all vintage junkies.
