### Pelican Hotel

"Uniquely Modern"

Pelican Hotel, built by the Diesel Jeans Company, has elaborate and artfully done up interiors. Designed by Swedish interior designer Magnus Ehrlund, each room is unique and has a wacky name, for instance, there are luxurious rooms with names such as Psychedelic(ate) Girl, Executive Sixties and Viva Las Vegas. The owners call it kitschy and Fellini-esque. In any case, the hotel has played host to celebrities from Grace Jones to Cindy Crawford. Whenever he is in town, Saudi Arabian Prince Faisal generally stays in the night penthouse.
