Savona Restaurant

"Farm Fresh Food"

A Fresh, delicious food here at Savona Restaurant. A strong believer in the 'farm-to-table' concept of food, the restaurant's Executive Chef only serves his dishes as fresh as it gets. In your plate, the food will never have any overpowering flavors, except for what is naturally there. The later built Bar Savona has a more casual set up and is a good place to catch up with friends over a drink or two. Enjoy delicious pizzas and pastas and end your meal with a sinful dessert.
