Tilth

"Good Earth, Good Eats"

Chef Maria Hines proves that you can be a good steward of the earth and still delight your palate. Entering the old craftsman bungalow with a rocking chair porch feels like going to a friend's house for dinner. The decor is sparse, but the original leaded glass windows, a brick fireplace and painted green chairs add to its inherent charm. Using only locally sourced and organic ingredients, Tilth's menu items change seasonally. Try the mini duck burgers with homemade ketchup and mission fig at dinner or weekend brunch. A chalkboard highlights artisan cheese selections, and the extensive wine list features several eco-friendly choices.

Herbfarm

"Gourmet Dining"

For years this restaurant was actually located at a farm. In 1997, however, the restaurant burned to the ground and was rebuilt at Willows Lodge in Woodinville. It proved to be a good thing in a way, as more people began to take notice of this stellar dining establishment. It has since been ranked consistently among the top American restaurants. The dining concept, dinner by reservation only for people who cherish succulent gourmet

food, has not changed. Focus on freshness remains, with much of the ingredients coming farm-fresh from their own gardens. The food is French influenced with Northwest ingredients. The 9-course themed menu changes weekly and wines are selected to match each course, with more than 4000 bottles to choose from.
